Dear Residents,

**Re: Support for 20mph Speed Limits in Shenstone**

Following our campaigning and petition on 20mph speed limits in Shenstone, I am very pleased to see that Staffordshire County Council's draft Local Transport Plan includes funding for new 20mph areas. The absence of this funding in the past has been one of the main barriers preventing communities, including Shenstone, from introducing lower speed limits where there is clear local support.

I welcome this new commitment to fund 20mph schemes and am also encouraged that the County Council will be reviewing its wider road safety strategy. This provides an important opportunity for residents to have their say and demonstrate the strong local support that exists for 20mph limits in Shenstone.

I encourage you to continue to support the campaign by sharing your views with the County Council by completing their consultation survey (which closes soon on Monday 27 October) at: <https://letstalk.staffordshire.gov.uk/let-s-talk-transport>

The more people voice their desires for their local community with decision makers like the County Council, the more that we can improve our local places for the better.

Thank you to everyone in Shenstone who has already worked with me to push for safer, slower local roads. Your ongoing support continues to make a real difference.

Yours sincerely,

**Sarah Edwards MP**  
Member of Parliament for Tamworth
